

Broadstick Fiber Optic ODF Drawer 2U 48 ports

BS-ODD2U48

Broadstick provides fiber optical distribution panels compliant with TIA 568-C.3-1.

This ODF has been designed for racks of 19" and 21". It can support up to 48 SC ports in 2U. The ODF is drawer type and provide a high connection for TX rooms and Datacenters.

This ODF is available in 1U, 2U, 3U and 4U.

All Broadstick ODFs provide a precise fiber connection and it compliants with the Industry standard requirements.

The ODF is designed to manage and organize fiber in areas. It can be used to manage cable from outside the facility. The ODFs can be used as interconnect or cross-connect in any telecommunications room and can use fiber optic standard adapters.

DETAILS:

Rack Mount Kit	Standard 19" and 21"	Fibers	24 Fiber per each rack Unit
Standard compliant	TIA/EIA	Installation	Telecom Rooms, racks and cabinets
ODF Material	High Quality Metal	Fiber Mode	Single and Multimode
Splice Tray Material	High Quality Plastic	Compliant	RoHS
